

**FastPay Capital** allows you to leverage your accounts receivables and unlock the liquidity you need to grow. We help you scale faster without the hidden fees and financial covenants required by traditional lenders.

Data on 60,000+ media buyers and suppliers allows us to approve more invoices for funding than any other provider

Quarterly briefs deliver critical data for your business

No warrants, rigid financial covenants or hidden fees

A founder-friendly, non-dilutive financing strategy to keep you in control

Connections to hundreds of media dashboards and accounting systems, including Google, AppNexus and Quickbooks for seamless funding

10 years' experience originating over \$3B in loans in media

*"Our partnership with FastPay allows us to accelerate our investment in strategic elements of our business and gain market share in a dynamic environment. With FastPay, we're able to double-down on our product investment, making our customers and investors incredibly successful."*

— Tom Schmitt, Chief Financial Officer of VideoAmp
