

# INTRODUCING

# FASTPAY POLITICAL+

2022 is projected to be the most expensive midterm election in history, which is why we built must-have platform enhancements for political agencies. That means a seamless Strata integration, automated overnight checks, and support for payments to digital media suppliers.

## IN PARTNERSHIP WITH

## FASTPAY POLITICAL+ BENEFITS

- Full check automation
- Digital ad campaign management
- Seamless Strata integration

## HOW IT WORKS

FastPay Political+ is our premium offering for political agencies looking to automate their entire accounts payable workflow. FastPay Political+ is a necessity for agencies preparing for 2022.

Strata integration allows agencies to quickly and seamlessly transfer buy data directly to FastPay's ePay platform for review and processing, reducing unnecessary delays and back and forth with buyers.

Access to automated check services means you can spend more time on your clients, not stuffing envelopes. Every FastPay check comes with a digital check copy sent directly to your preferred contact, embedded tracking numbers with status updates, and multiple shipping methods.

FastPay's card management module allows agencies to create, manage, and reconcile virtual multi-swipe credit cards. You can view all active multi-swipe virtual cards in one place and easily manage campaign and client budgets plus access detailed transaction reports for streamlined reconciliation.

## ABOUT FASTPAY

FastPay, an AvidXchange company, empowers advertisers, agencies, suppliers and media companies with smarter payments covering the entire media ecosystem. Our suite of payment processing tools streamline back-office workflows that improve efficiency and reduce cost. FastPay has originated over \$7 billion in transaction volume since inception, with a proprietary database of over 70,000 media suppliers nationwide.
